

INTRODUCING THE ... **UNCLE MIKE BAND**

We're an American (Party) Band...

Uncle Mike is one of Atlanta's top party bands. We're versatile, playing everything from rockin' club gigs to black-tie events. We've spent years field-testing all the songs that will keep everyone at your party on the dance floor, from teens to seniors. We play it all – Classic Rock and 80's ... to R&B, Standards and Beach Music ... to Funk Rock and Disco ... to New Rock ... and a little bit of country.

We pace the music to the flow of your event, knowing when to "lay back" and when to get everyone up on their feet.

Our Experience...

Uncle Mike has played at top Atlanta venues, including the Georgia Aquarium, Hard Rock Cafe, 755 Club at Turner Field, Cobb Energy Center, Chastain Horse Park and Grand Hyatt Buckhead. Our players have:

- had airtime on all major Atlanta radio stations
- opened for top acts
- entertained major corporate clients

We're asked back year-after-year for numerous fundraisers and events. And we've been known to do a rockin' house party or two...

Our Sound...

We take great pride in our sound. We have "to die for" gear, and have spent years getting our rig to sound just right. We bring the right PA for any room, giving you a solid sound, but never too loud.

"Our clientele had a wonderful time. Mike is easy to work with ... I would urge anyone wanting a great band experience to sign up the Uncle Mike Band."
